### DETAILED ACTION

1. Applicant's amendment, filed 07/09/03 is acknowledged.

Claims 6-25 are pending.

### ***Restriction Requirement***

2. Restriction to one of the following inventions is required under 35 U.S.C. § 121:

- I. Claims 6-11, drawn to a method of obtaining a stem cell composition characterized by prolonged survival in culture, classified in Class 435, subclass 374.
- II. Claims 12-20, drawn to a method of rapid *in vivo* repopulation of the hematopoietic system, classified in Class 424, subclass 577.
- III. Claims 21-25, drawn to a method of preparing stem cells for rapid *in vitro* proliferation, classified in Class 435, subclass 375.

3. Groups I-III are different methods. These inventions are different with respect to ingredients, method steps, and endpoints which require non-coextensive searches ; therefore, each method is patentably distinct.

4. These inventions are distinct for the reasons given above. In addition, they have acquired a separate status in the art as shown by different classification and/or recognized divergent subject matter. Further, a different field of search would be required based upon the various methods of use comprising distinct method steps. Moreover, a prior art search also requires a literature search. It is an undue burden for the examiner to search more than one invention. Therefore restriction for examination purposes as indicated is proper.

Art Unit: 1644

6. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement may be traversed.

A telephone call was made to Anna Barry on 3/14/05 on to request an oral election to the above restriction requirement, but did not result in an election being made.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michail Belyavskiy whose telephone number is 571/ 272-0840. The examiner can normally be reached Monday through Friday from 9:00 AM to 5:30 PM. A message may be left on the examiner's voice mail service. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christina Chan can be reached on 571/ 272-0841.
